

Week 6

# BSHARP@HOME

Supporting you to make music during the lockdown and beyond

## Hello and welcome to B Sharp@Home music activities.

While we are not able to meet to make music together as a group, we will be sending you fun and easy ways to carry on making music and connecting together.

**Parents - please see here to give consent for music and videos to be shared on social media.**

Send your emails with videos/audios of your music to  
**[bsharp@home@bsharp.org.uk](mailto:bsharp@home@bsharp.org.uk)**

We'd also like to know what you think of the newsletter and anything you'd like to see in it in the future. Enjoy...

## Learn how to sing a harmony with Harvey - Part 2

Week 2 of the harmony tutorials sees us learning how to pitch a perfect 5th interval, another common choice amongst singers and composers. Super easy too. Remember to download the 'Acapella' App ready for next week.

## Beginner violin with Hannah

for Boombox, Axe Valley Rock n Pop Club and Bridport Jams Juniors

This week's video is a two-part series for beginner violin. Part 1 will be looking at the basics you need to know about the violin. Part 2 which will be available next week will look at using the bow, the best techniques to use when playing with the bow and how to create a lovely sound to help get you started in making music on your violin. Let us know if you would like more of this sort of video by emailing us on [bsharpathome@bsharp.org.uk](mailto:bsharpathome@bsharp.org.uk)

## Kelly's quiz - part 2

Did you enjoy part 1 of the Big B Sharp family music quiz in last week's newsletter? Are you ready for part 2? Pens at the ready or just shout out the answer if you're playing for fun. Come on kids, let's see if you can beat those adults. Send any quiz questions to the music leaders too, see if we are up to the challenge.
